Pune – India's Fastest Growing Real Estate Market

Top 3 most preferred
cities for home buying in
India

Strong end-user market
→ stable, sustainable
growth

Pune offers the perfect blend of IT,
manufacturing, education &
lifestyle

Pune's Economic Engine

- 2nd largest IT hub after Bangalore (3.5–4 lakh IT workforce)
- Global MNC presence – Accenture, Infosys, TCS, IBM, HSBC, Mastercard
- Auto & manufacturing hub – Tata, Mercedes, VW, JCB, Bharat Forge
- Contributes ~7–8% to India's GDP directly/indirectly

Real Estate Market Performance

- Pune records steady 10–12% YoY price appreciation
- Inventory overhang lowest among metros – 2 to 3 months
- High absorption driven by actual end users, not investors
- Most stable market across cycles → Low risk, high confidence

Pune – A Top Investment City

- Avg rental yield: 3–5% (higher in IT belts)
- Capital appreciation: 12–15% YoY
- Supply gap in prime East Pune → Demand consistently outstrips supply
- One of India's safest markets for investors

WHY PUNE'S MAGARPATTA-MUNDHWA STANDS OUT?

Capital Appreciation
(YoY)*

- Pune (Citywide Avg): ~12%
 - Magarpatta City (Hadapsar): ~15.6%
- Backed by limited land supply & strong urban infrastructure

Data Sources: Magicbricks, Times of India, Housing, Knight Frank, JLL

WHY PUNE'S MAGARPATTA-MUNDHWA STANDS OUT?

Rental Yields
(Gross)*

Pune (Avg): ~3-5%

Magarpatta City: ~4.6%

Powered by SEZs, Amanora ecosystem
& expat demand

Data Sources: Magicbricks, Times of India, Housing, Knight Frank, JLL

WHY PUNE'S MAGARPATTA-MUNDHWA STANDS OUT?

Commercial Demand
Surge
(2025 Forecast)*

- Leasing spike expected in Magarpatta-Mundhwa-Kharadi belt
- Rents on the rise as supply tightens

GODREJ CONSTRUCTION QUALITY SPECIFICATIONS

Waterproof chemical coating up to a height of 1.5m in shower areas of washrooms, 5 times that of industry standards.

2 coats of single component - synthetic rubber-based elastomeric waterproofing coat provided to all wet areas.

While the industry standard for chemical coating is limited to a height of 0.3 meters, Godrej Properties provides waterproof chemical coating up to 1.5 meters in shower areas and behind all ledge walls, covering their entire height.

High-quality, certified steel helps build strong and earthquake-resistant structures.

Opting for Steel conforming to IS 1786. Also, opting for Steel conforming to IS 13920 for earthquake shock resistance.

Using a higher-grade concrete to ensure maximum core strength.

Where design requirement is of grade M30, Godrej Properties procures Grade M35 for higher strength.

Provision of Micro-Concrete Band in Waterproofing and Epoxy Grouting in tiles

Providing micro-concrete band at the junction of wet areas such as toilets, balconies, utilities and the adjacent rooms to prevent water seepage from wet to dry areas through tile bedding mortar.

Spacers and epoxy grouting provided for all areas (dry and wet) as a secondary layer of protection against seepage.

Using Heat Strengthened Performance Glasses

All glasses are heat-strengthened and laminated heat strengthened glass used for bottom fixed panels, prioritizing safety against impact and breakage.

Performance glass as per IGBC Silver rating requirements given for better thermal performance.

Provision of Concealed Secondary Drain Spout to Drain Accidentally Seeped Water

Prevents water leakage in wet areas like washrooms

Spout is provided in washrooms and utilities to direct water percolating through bedding mortar directly into the drain-pipe.

In an Industry-First Practice, Damp Proofing Done to Ensure No Seepage or Dampness

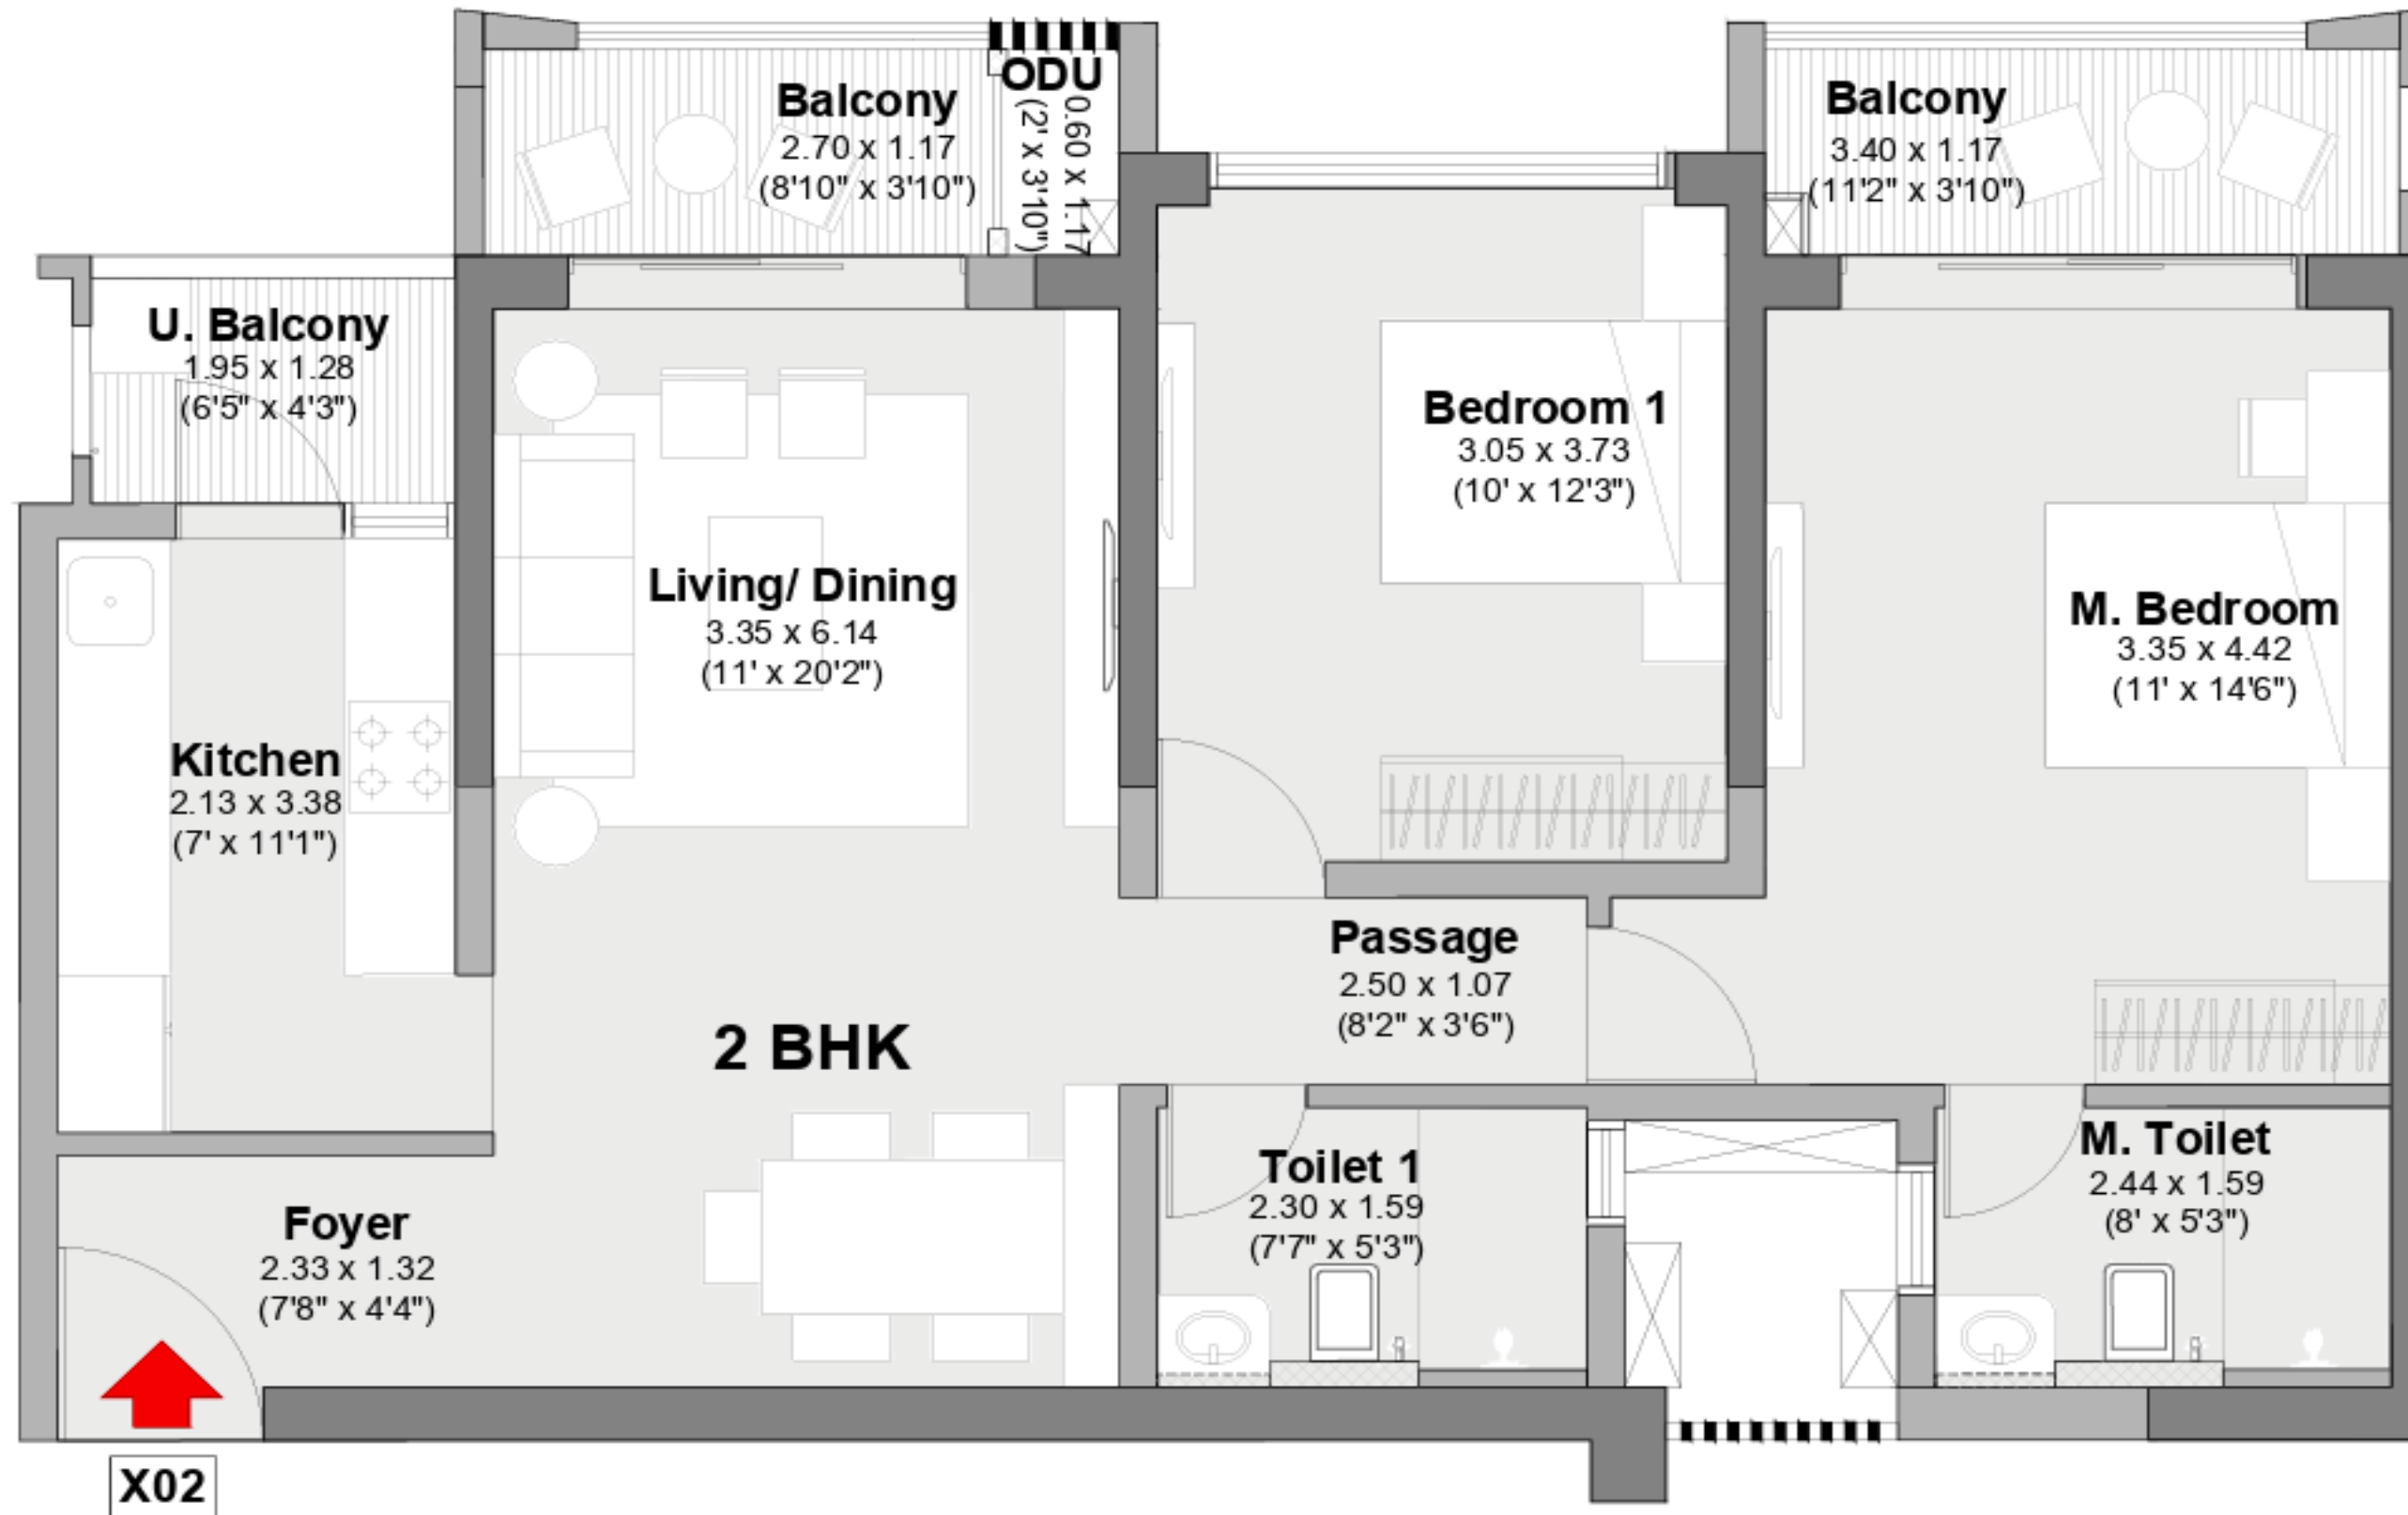

Damp proof course applied on external dead walls prior to texture and paint.

Shower test done on external dead walls to rule away any seepage.
